

# HOW HOT IS YOUR TAP WATER?

The water in most homes is 60°C (140°F). That's hot enough to scald your child in just seconds. Temperature controls, tap guards and other anti-scald options can protect your child. For information, call Toronto Health Connection at 416-338-7600 or visit [www.toronto.ca/health](http://www.toronto.ca/health).
